TrainerGigs

micro1 starter guide

7 steps to get started on micro1, from micro1's own pages. Read Nov 12, 2026.

What you need

- To be 18 or older
- Your name and an email address for the account
- A valid government ID, once it asks you to verify
- Your own laptop for the work itself

The steps

1. **Pick a role on its Opportunities Portal and apply**
   micro1 says so on library.micro1.ai
2. **Take the AI interview for that role**
   micro1 says so on library.micro1.ai
3. **Wait while its recruiters review the interview**
   micro1 says so on library.micro1.ai
4. **Complete your profile and verify your ID when it asks**
   micro1 says so on library.micro1.ai
5. **Follow each application on your Talent Dashboard**
   micro1 says so on library.micro1.ai
6. **If you are selected, accept the offer in its talent portal**
   micro1 says so on library.micro1.ai
7. **Sign the contract and set up payroll in Deel**
   micro1 says so on library.micro1.ai

Good to know

- The interview: it happens in real time, out loud, with an AI recruiter and not with a person
- The interview: the session is recorded and its human recruiters review the results
- Interview length: 20 to 40 minutes
- ID verification works from a computer or a phone
- The work itself needs your own laptop
- Pay: in US dollars, twice a month, through Deel
- Certification does not guarantee work

Each line is a short form of what micro1's own pages say. Its pages are the source. Built Nov 18, 2026.
